

Dudley Safeguarding Adults Board Constitution

1 INTRODUCTION

- 1.1** Dudley Safeguarding Adults Board (DSAB or the Board) is a multi-agency partnership comprising of statutory, independent and voluntary sector organisations, which have a stakeholder interest in safeguarding adults – now established under section 43 of the Care Act 2014 and the Care and Support Statutory Guidance (October 2014).

2 OVERARCHING PURPOSE

- 2.1** The overarching purpose of the Board is to help and safeguard adults with care and support needs. It will do this by:
- assuring itself that local safeguarding arrangements are in place as defined by the Care Act 2014 and Statutory Guidance;
 - assuring itself that safeguarding practice is person-centred and outcome-focused;
 - working collaboratively to prevent abuse and neglect where possible;
 - ensuring agencies and individuals give timely and proportionate responses when abuse or neglect have occurred;
 - assuring itself that safeguarding practice is continuously improving and enhancing the quality of life of adults in its area.
- 2.2** The Board will lead adult safeguarding arrangements across Dudley and oversee and coordinate the effectiveness of the safeguarding work of its member and partner agencies. The Board will develop and actively promote a culture with its members, partners and the local community which recognises the values and principles contained in “Making Safeguarding Personal” and will identify the issues which can contribute to the wellbeing of its community and the prevention of abuse and neglect, such as:
- the quality and safety of people who use services in local health settings, including mental health;
 - the safety of adults with care and support needs living in the community;
 - effective interventions with adults who self-neglect,
 - the quality and safety of local care and support services;
 - making connections between adult safeguarding and domestic abuse.

3 AIMS AND OBJECTIVES

- 3.1** The aim of the Board is to ensure the effective co-ordination of services to safeguard and promote the welfare of adults in accordance with the Care Act 2014 and the Statutory Guidance.
- 3.2** The main objective of the Board is to assure itself that local safeguarding arrangements and partners act to help and protect adults with care and support needs in Dudley.

3.3 DSAB is a multi-agency strategic Board which will coordinate the strategic development of Adult Safeguarding across Dudley and oversee a range of matters which contribute to the prevention of abuse and neglect.

3.4 DSAB is not accountable for the operational work of partner agencies. Each Board partner has their own existing lines of accountability for safeguarding and promoting the welfare of adults by their services.

4 CORE DUTIES

4.1 The core duties of the Board are set out in sections 43 and 44 and Schedule 2 of the Care Act 2014 and Chapter 14 of the Statutory Guidance, issued under section 78 of the Care Act 2014 which require the Board to:

- publish a strategic plan for each financial year detailing how it will meet its main objective and what members will do to achieve this;
- publish an annual report detailing what the Board has done during the year to achieve its objectives and implement its strategic plan and what members have done to implement the strategy;
- conduct any safeguarding adults reviews in accordance with section 44 of the Care Act 2014.

4.2 In order to fulfil its core duties the Board is required to develop initiatives, plans, policies and procedures for safeguarding adults in Dudley and has adopted the West Midlands policies and procedures. In addition the Board (as defined in the Statutory Guidance) is required to:

- identify the role, responsibility, authority and accountability with regard to the action which each agency and professional group should take to ensure the protection of adults.
- establish ways of analysing and interrogating data on safeguarding notifications and completed enquiries which increases DSAB's understanding of prevalence of abuse and neglect locally which builds up a picture over time;
- establish how it will hold partners to account and gain assurance of the effectiveness of its arrangements;
- determine its arrangements for peer review and self-audit;
- establish mechanisms for developing policies and strategies for protecting adults which should be formulated, not only in collaboration and consultation with all relevant agencies but also take account of the views of adults who have needs for care and support, their families, advocates and carer representatives;
- develop preventative strategies that aim to reduce instances of abuse and neglect in its area;
- identify types of circumstances giving grounds for concern and when they should be considered as a referral to the local authority as an enquiry;
- formulate guidance about the arrangements for managing adult safeguarding, and dealing with complaints, grievances and professional and administrative malpractice in relation to safeguarding adults;
- develop strategies to deal with the impact of issues of race, ethnicity, religion, gender and gender orientation, sexual orientation, age, disadvantage and disability on abuse and neglect;
- balance the requirements of confidentiality with the consideration that, to protect adults, it may be necessary to share information on a "need to know" basis;
- identify mechanisms for monitoring and reviewing the implementation and impact of policy and training;

- carry out safeguarding adult reviews;
- produce a strategic plan and an annual report;
- evidence how Board members have challenged one another and held other related local Boards to account;
- promote multi-agency training and consider any specialist training that may be required. Consider any scope to jointly commission any training with partner agencies and other groups, including Dudley's Safeguarding Children Board (DSCB).

4.3 DSAB will also develop, implement and maintain:

- quality assurance framework;
- risk register
- arrangements to secure feedback from service users and carers
- activity to prevent abuse and neglect.

5 OVERARCHING PRINCIPLES

5.1 Dudley Safeguarding Adults Board has adopted and will use the principles as set out in the Government's policy on safeguarding adults in May 2011 and reissued in 2013, when they identified the following equal principles they expect local authorities, housing, health, the police and other agencies to follow and use for monitoring safeguarding arrangements:

- **Empowerment** – Presumption of person-led decisions and informed consent: *"I am asked what I want as the outcomes from the safeguarding process and these directly inform what happens"*.
- **Prevention** – It is better to take action before harm occurs: *"I receive clear and simple information about what abuse is, how to recognise the signs and what I can do to seek help"*.
- **Protection** – support and representation for those in greatest need: *"I get help and support to report abuse. I get help to take part in the safeguarding process to the extent to which I want and to which I am able"*
- **Proportionality** – proportionate and least intrusive response appropriate to the risk presented: *"I am sure that the professionals will work for my best interests (as I see them) and they will only get involved as much as needed."*
- **Partnership** – local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse. *"I know that staff treat any personal and sensitive information in confidence, only sharing what is helpful and necessary. I am confident that professionals will work together to get the best result for me"*.
- **Accountability** – accountability and transparency in delivering safeguarding: *"I understand the role of everyone involved in my life"*.

6 PARTNERSHIP, GOVERNANCE AND ACCOUNTABILITY

6.1 A protocol has been developed between the Children and Young People's Alliance, Health and Wellbeing Board, Community Safety Partnership, DSAB and DSCB to help to develop local synergy, clarity of roles and responsibilities and effective communication between all five strategic partnership forums in respect of promoting the welfare and safety of children. A copy of the protocol can be found at appendix one, and appendix two sets out diagrammatically DSAB's relationships with other strategic bodies.

6.2 Lead officers and/or chairs of all of the strategic forums referred to above, along with the Strategic Director (People) and Director of Public Health will regularly meet to discuss and align safeguarding activity across the Dudley Partnership.

- 6.3** DSAB is required to have an effective working relationship with both the Community Safety Partnership (Dudley Safe and Sound Partnership) and DSCB to address common areas of interest including substance misuse, domestic abuse and sexual exploitation.
- 6.4** Effective links between DSAB and the Community Safety Partnership are promoted via a close working relationship between the Head of Adult Safeguarding and the Head of Community Safety.
- 6.5** DSAB and DSCB will hold joint planning events to support the development and implementation of their respective business plans and ensure cross-cutting thematic prioritisation.
- 6.6** There is a requirement for DSAB to publish an annual report on the effectiveness of local safeguarding adults arrangements. This report is published on the DSAB website and is submitted to the Chief Executive and Leader of the Council. A copy of the DSAB annual report will also be formally presented to the members of Dudley Council's People Services Scrutiny Committee. This will allow the performance and activity of DSAB to be scrutinised by elected members.
- 6.7** The Chief Executive of Dudley Council (DMBC) is responsible for holding the DSAB Independent Chair to account for the effective working of DSAB.
- 6.8** The DSAB strategic plan and annual work programme will be agreed by the Board and made available to all relevant partner members on an annual basis. The role of partner members is to hold their organisation and its officers to account for their contribution to the effective functioning of DSAB.

7 CHAIRING ARRANGEMENTS

- 7.1** DSAB is chaired by an Independent Chair, who is accountable for the effective working of DSAB to the Chief Executive of the Dudley Council.
- 7.2** The Independent Chair is recruited by a multi-agency panel of statutory members of DSAB and will serve a three-year term at which point his/her tenure will cease and a further selection process will commence which may include the current Chair if they so wish.
- 7.3** The performance of the Independent Chair will be reviewed through an annual appraisal completed by the Chief Executive of Dudley Council with the opinions of DSAB members being sought beforehand. The Independent Chair must ensure the continued confidence of all DSAB members in maintaining the independence of DSAB.
- 7.4** The Vice Chair will be a nominated representative from one of the partner organisations of DSAB. The Vice-Chair role will be held for a three-year tenure, with the possibility of extending the tenure for one further year.
- 7.5** The Independent Chair will engage with other Independent Chairs within formal structures such as the West Midlands group of Independent Chairs and the National Association of Independent Chairs of LSABs.

8 DSAB STRUCTURE

- 8.1** The Board sets the direction of safeguarding work with adults who have care and support needs within the borough. Board subgroups will be the mechanism to ensure that the work of the Board is completed effectively. Any subgroup working on behalf of DSAB will only be established by the Board, be accountable to the Board and will report to the Board. Subgroups should be chaired by a DSAB member. Appendix three sets out the structure of DSAB. The following subgroups have been set up:
- 8.2** Executive Group of Chairs from Subgroups: this group will coordinate the work of DSAB, oversee the delivery of the DSAB strategic plan and monitor the impact of the Board's work.
- 8.3** Quality and Performance Subgroup: this group will design ways of objectively scrutinising and evaluating organisational arrangements as well as the quality and impact of front line practice.
- 8.4** Safeguarding Adults Review Subgroup: this group is responsible for considering whether or not cases meet the SAR criteria or require another type of review to be undertaken. Other work streams involve monitoring agencies' compliance with SAR recommendations/ action plans, analysing cases and SARs completed by other safeguarding boards for key themes, learning and identifying trends.
- 8.5** Policy and Workforce Subgroup: this group ensures that Dudley implements West Midlands policies and procedures, primarily Making Safeguarding Personal, and that agency workforces are trained and equipped to understand adult safeguarding in its operational tasks.
- 8.6** Communications and Engagement Subgroup; this group ensures that DSAB engages with the community it works within to prevent abuse and listens to the voices of victims of abuse to improve practice and procedures.
- 8.7** Task and Finish groups will be established to support as required to support specific project or Board activity

9 DSAB MEMBERSHIP

- NHS Clinical Commissioning Group
- Police

9.3 However, safeguarding adults boards are also expected to involve a much wider range of organisations and individuals as outlined below:

- West Midlands Ambulance Service
- Dudley and Walsall Mental Health Trust
- West Midlands Care Home Association
- West Midlands Fire Service
- Housing
- Healthwatch Dudley
- Dudley Group NHS Foundation Trust

9.4 Members of DSAB and named deputies must have a strategic role within their agency in relation to safeguarding adults. They must have the authority and experience within their agency to enable them to provide resources, commit their agency on matters of policy and practice, and hold their agency to account.

9.5 Each member agency of DSAB has a responsibility to contribute to the strategic direction and effective work of the Board. This should take precedence, if necessary, over their role as a representative of their organisation. Members are accountable to each other and to the organisation that they represent for the work of DSAB, Subgroups and any Task and Finish Groups.

9.6 It is important that each partner member on behalf of their agency remains accountable for ensuring that the staff they are sending to participate in subgroup activity are appropriately knowledgeable and sufficiently skilled to contribute to the relevant subject area. It is the responsibility of agencies to ensure that they have the appropriate representation in attendance at such meetings.

9.7 Members who represent a group of organisations will be expected to communicate effectively within their group to ensure that they have a sufficient mandate to speak on behalf of the whole group at DSAB meetings. It is recognised that some members of the DSAB such as the voluntary sector, might not have clear accountability frameworks in place for the groups that they represent. In these circumstances, there is an expectation that they will effectively communicate the strategic objectives and work of the Board within their organisational networks.

10 ATTENDANCE

- 10.1** Members are expected to attend all scheduled and extraordinary Board meetings or are expected to only send their designated deputy. Non-attendance of the board member or their designated deputy for two consecutive meetings will be highlighted to the DSAB Independent Chair who will consider appropriate actions to be taken. Member attendance at Board meetings will be reported to every Board meeting.
- 10.2** A named deputy may attend in lieu of the nominated representative in the event that the nominated representative is unable to attend any particular meeting. When attending a meeting in such circumstances, the deputy shall be entitled to take part fully in the meeting.
- 10.3** Membership of non-statutory members can be altered by DSAB at any time.

11 DSAB MEETINGS

- 11.1** Meetings of the DSAB will be held on a quarterly cycle and should last for a maximum of three hours. An annual development day will take place each year to review progress against the business plan and agree the strategic priorities for the coming year.
- 11.2** The Independent Chair may call an extraordinary meeting at any time. Members can make a written request for an extraordinary meeting to the Independent Chair. The Independent Chair will decide whether to hold such a meeting. The Independent Chair is unlikely to accede to a request unless two or more members make a request.
- 11.3** A meeting will not be quorate and therefore unable to make decisions binding on DSAB unless at least 3 statutory agencies are present.
- 11.4** In making decisions DSAB will seek to establish a consensus. If that is not possible the decision will be taken by a simple majority of voting members present. If a vote is tied the person chairing the meeting will have a second and casting vote.
- 11.5** The agenda for the Board will be agreed by Executive Group members prior to the Board meeting. The DSAB Independent Chair will agree the final version of the agenda for the Board.
- 11.6** All papers for the Board will be made available via email from the DSAB Business Support Officer at least five working days prior to the meeting. It is the responsibility of all Board members to ensure that they have read all of the relevant documentation prior to their attendance at the Board to help to promote their full understanding and involvement within Board discussions and decision-making processes.
- 11.7** All DSAB meetings will be minuted and distributed to members in a timely manner. The minutes will be submitted for approval to the next meeting. Once approved, the Board minutes will be available to the public on request.
- 11.8** The activities of the DSAB will be directly supported and its work will be coordinated by Head of Safeguarding, Adult Social Care, including supporting the development of an annual business plan.

12 BOARD MEMBERS' RESPONSIBILITIES

12.1 DSAB members are required to:

- Contribute to the effective working of DSAB in promoting high standards of safeguarding work and fostering a culture of challenge and continuous improvement;
- Represent their organisation on DSAB, speaking with authority for that organisation, committing the organisation on policy and practice matters and holding the organisation to account in respect of its work to safeguard and promote the wellbeing of adults within the community;
- Represent DSAB within their organisation; ensuring that the organisation is meeting its obligations to safeguard and promote the wellbeing of adults;
- Be responsible for ensuring that arrangements for the funding of the DSAB are addressed within their own organisations;
- Be an objective member in undertaking scrutiny of the performance of DSAB and the services provided by all organisations. Where necessary this should take precedence over their role as their organisation's representative;
- Participate in an annual Board member review with the DSAB Independent Chair.

13 RESPONSIBILITIES OF THE MEMBER ORGANISATIONS

13.1 Member organisations will be required to support their DSAB member in carrying out their responsibilities as a DSAB member. This will include providing dedicated time to fulfil their role, supporting them in developing a safeguarding accountability framework for their organisation, ensuring that safeguarding underpins all their activities with adults and that, in the case of the core statutory partners, a recurrent and sufficient financial contribution is made to support the work of DSAB.

13.2 To further assist DSAB members in carrying out their responsibilities, Chief Officers of all partner organisations will be asked to sign a membership agreement confirming their support of the written constitution of DSAB. The DSAB membership agreement can be found at appendix four.

14 DSAB SUBGROUPS

14.1 The role and functions of the Executive and each subgroup will be documented within each group's terms of reference, reviewed annually. These are included at appendix four of this document.

14.2 Together, the Executive and subgroups will undertake the following responsibilities, devolved to them by the Board while acknowledging DSAB's vision, mission and values throughout their work:

- Develop an annual work plan for their groups;
- Monitor the delivery of the annual subgroup work plan and so their contribution to the DSAB annual business plan;
- Use feedback from adults and carers to inform their work;
- Contribute to the development of the annual report by submitting a report to the Independent Chair by the end of April each year on the work of the group, including examples of impact, during the previous year;
- Contribute to the development of the agenda for DSAB meetings by highlighting areas of concern or for celebration through the Executive;
- Develop and approve policies, procedures and tools that support practitioners to exercise professional judgment and develop implementation plans;

15 Public Engagement

15.1 DSAB will put arrangements in place to:

- Support stronger public engagement in local safeguarding issues and contribute to an improved understanding of the role and work of DSAB within the wider community;
- Challenge DSAB on the accessibility, clarity and transparency of its plans, priorities and achieved outcomes to children and the public;
- Help to improve working relationships between DSAB and community groups.

16 DATA PROTECTION, CONFIDENTIALITY AND FREEDOM OF INFORMATION

16.1 Members will ensure that their own organisation's Data Protection Registration, where appropriate, covers their involvement in the activities of DSAB.

16.2 All members will adhere to the provisions of the Data Protection Act 1998 and all other legal provisions relating to confidentiality and data security and maintain confidentiality at all times, other than where a specific exemption under that Act or other legal provision applies. This principle will apply during a member's participation in DSAB and will continue after the individual is no longer a member, or following DSAB's dissolution.

16.3 If any member who has access to confidential information or data knowingly breaches the law relating to particularly (but not limited to) the unauthorised disclosure of confidential information, they may be personally liable. DSAB as a partnership body is not the subject to the requirements of the Freedom of Information Act 2000, however it acknowledges that public authorities represented on our partnership board are. It is therefore the responsibility of individual partners of the Board to make appropriate arrangements to ensure that the provisions of the Act are properly complied with.

16.4 All partners will be expected to agree, sign and comply with the DSAB confidentiality agreement (appendix six).

17 FINANCE AND STAFFING

17.1 To support the work of DSAB, a business support function will be maintained, funded by contributions from the statutory partners and other partner agencies.

17.2 No later than December in each year, DSAB will determine a budget for the forthcoming financial year.

18 COMPLAINTS

18.1 Local Safeguarding Adults Boards are not identified as having a statutory function in relation to the investigation of complaints.

APPENDIX 1

DUDLEY PROTOCOL BETWEEN HEALTH AND WELLBEING BOARD, COMMUNITY SAFETY PARTNERSHIP, CHILDREN AND YOUNG PEOPLE'S ALLIANCE, LOCAL SAFEGUARDING CHILDREN BOARD AND ADULT SAFEGUARDING BOARD

1. Introduction

- 1.1 This protocol defines how the Dudley Children and Young People's Alliance (CYPA), Dudley Health and Wellbeing Board (HWBB) and the Dudley Community Safety Partnership Board (CSP) work together with the Dudley Safeguarding Children Board (DSCB) and the Dudley Safeguarding Adults Board (DSAB) in the pursuit of safeguarding and promoting the health and wellbeing of children, young people and adults at risk. Appendix 1A sets out the wider partnership structure that operates in Dudley.
- 1.2 The specific functions of each Board are set out in their respective terms of reference. This protocol sets out the principles underpinning how the five Boards work across their defined remits, how communication and engagement will be secured across the Boards and the practical means by which effective co-ordination and coherence between the Boards will be secured.
- 1.3 The role of the DSCB and DSAB in relation to the CYPA, HWBB and the CSP is one of equal partners underpinned by this protocol. However, the safeguarding boards have a distinct function to influence and assure as well as to challenge and hold partners to account for their work to safeguard children, young people and adults at risk, as set out in statute. This is promoted by the protocol.

2. Principles

- 2.1 This protocol seeks to clarify the discrete responsibilities of each Board. Its focus is on ensuring that the following simple principles underpin how the five Boards should operate:
 - Safeguarding is the business of all Boards;
 - The Boards should know each other's business;
 - A culture of scrutiny and challenge should exist across all the Boards;
 - The Boards should work together to avoid duplication, and ensure consistency, clarity and best use of resources;
 - Each Board should focus on improving outcomes for children, young people and adults, contributing from its own specific perspective.

3. Board functions

- 3.1 The Health and Wellbeing Board: Health and Wellbeing Boards (HWBBs) were established by the Health and Social Care Act 2012. They are a forum where key leaders from the health and wellbeing system work together to improve the health and wellbeing of their local population and reduce health inequalities.
- 3.2 Board members collaborate to understand their local community's needs, agree priorities and encourage commissioners to work in a more joined up way. This includes overseeing the completion of the Joint Strategic Needs Assessment (JSNA), which identifies the needs of the local population, and of the Joint Health and Wellbeing Strategy, which guides and informs the commissioning of local services by the partners on the Board. As a result, residents and services are better able to

understand how they can promote and protect their own wellbeing and patients and the public should experience more joined-up services from the NHS, local councils and the wide range of community, voluntary sector and private providers.

- 3.3 The HWBB agrees its top priorities on an annual basis and these can be found at <http://www.dudley.gov.uk/community/initiatives/health-wellbeing>
- 3.4 The Children and Young People's Alliance: Dudley Children and Young People's Alliance (CYPA) oversees the delivery of the Health and Wellbeing Strategy priorities in relation to children and young people. The Alliance is a combination of commissioners and providers who are responsible for developing and promoting a child and family-centred outcome-led vision. The vision, priorities, activity and intended impact of the Alliance are set out in the Children and Young People's Alliance Delivery Plan.
- 3.5 The Alliance is intended to promote strong joint planning and effective commissioning of services. It identifies the priorities for children and young people, clearly informed by their views and those of their parents/carers and a comprehensive needs analysis, informed by the JSNA.
- 3.6 The Community Safety Partnership Board: Community Safety Partnerships (CSPs) are statutory bodies under the Crime and Disorder Act 1998 and made up of representatives from the police, local authorities, fire and rescue authorities, probation service and health. The CSP ensures agencies work together to protect their local communities from crime and to help people feel safer. They work out how to deal with local issues like crime, domestic abuse, antisocial behaviour, substance misuse and offending behaviour. The CSP carries out a strategic assessment on annual basis which highlights the priorities for the CSP and other partnerships.
- 3.7 The above three boards have a much wider focus than safeguarding; however these boards must ensure that there is appropriate commissioning and provision of services which have an impact on reducing safeguarding risks or on addressing the impact of safeguarding concerns on individuals and communities.
- 3.8 Dudley Safeguarding Children Board: as set out in the Children Act 2004, DSCB is the statutory body for agreeing how organisations co-operate to safeguard and promote the welfare of children and young people and for ensuring the effectiveness of what they do. DSCB is chaired by an Independent Chairperson and has a key role to scrutinise and challenge safeguarding performance.
- 3.9 DSCB does not commission or deliver direct frontline services though it does provide training. While the LSCB does not have the power to direct other organisations it does have a role in making clear where improvement is needed. Each Board partner retains its own existing line of accountability for safeguarding.
- 3.10 Dudley Safeguarding Adult Board: DSAB is a statutory partnership board as per the requirements of the Care Act 2014. The overarching purpose of the DSAB is to help and safeguard adults with care and support needs. DSAB must lead adult safeguarding arrangements across the borough and oversee and coordinate the effectiveness of the safeguarding work of its member and partner agencies. DSAB is chaired by an Independent Chair and has a key role to scrutinise and challenge safeguarding performance. Whilst not a commissioning body, it should concern itself

with a range of issues which can contribute to the wellbeing of its community and the prevention of abuse and neglect, such as:

- The safety of people who use services in local health settings, including mental health;
- The safety of adults with care and support needs living in social housing;
- Effective interventions with adults who self-neglect, for whatever reason;
- The quality of local care and support services;
- Making connections between adult safeguarding and domestic abuse.

4. Communications and engagement

4.1 Everyone has a responsibility for safeguarding, whether commissioner, statutory provider, third party provider, voluntary or community group or advocate.

4.2 All key strategic plans, whether they are formulated by individual agencies or by partnerships, should include safeguarding as a cross-cutting theme to ensure that existing strategies, commissioning plans and service delivery, as well as emerging plans for service change and improvement, include effective safeguarding arrangements that ensure that people in Dudley are safe and their wellbeing is protected.

4.3 The three main strategic plans are:

- The Health and Wellbeing Strategy;
- The Children and Young People's Alliance Delivery Plan
- The Community Safety Plan.

4.4 The above plans inform and influence local commissioning and service delivery. The two Safeguarding Boards also produce strategic plans and an annual business plan; these are informed by local needs analysis as well as the Boards' own scrutiny and assurance work. These plans relate to the delivery of the Boards' statutory functions including improving the quality of safeguarding arrangements through embedding local and national learning.

4.5 In drawing up, delivering and evaluating these strategies and plans, there should be effective interchange between the HWBB, CYPA and the CSP, and with the two Safeguarding Boards.

4.6 To ensure this happens, there should be formal interfaces with the Safeguarding Boards at key points including:

- The development of needs analyses that drive the formulation of the annual priorities of the Health and Wellbeing Strategy, the Children and Young People's Alliance Delivery Plan the Community Safety Plan and the two Safeguarding Boards' Business Plans. These need to be reciprocal in nature ensuring that the Safeguarding Boards' needs analyses are fed into the Joint Strategic Needs Assessment (JSNA) and strategic assessment for the CSP and that the outcomes of the JSNA and CSP strategic assessment are fed back into Safeguarding Boards' planning;
- The development and finalisation of the plans to ensure the priorities are appropriately aligned and the activities and resources available are marshalled to ensure progress is made in improvement and tackling issues;

- Progress made in the implementation of the Health and Wellbeing Strategy, the CSP Plan, the Children and Young People's Alliance Delivery Plan and the individual Board business plans should be reported regularly to all of the Boards, in a context of mutual scrutiny, challenge and support;
- Annually reporting evaluations of performance on plans to provide the opportunity for reciprocal scrutiny, challenge and support and to enable all Boards to feed improvement and development needs into the planning process for future years' strategies and plans.

4.7 By having an effective formal working relationship between the five boards, the benefits should be:

- An integrated approach to the JSNA and CSP strategic analysis, ensuring comprehensive safeguarding data is included in both;
- Aligning the work of the DSCB and DSAB business plans with the HWB Strategy, Children and Young People's Alliance Delivery Plan and CSP Plan and related priority setting to achieve improved progress with improvement activity and service change;
- Ensuring safeguarding is everyone's responsibility, reflected in the public health agenda and related determinants of health strategies; together with community safety priorities and the short, medium and long term objectives of the CSP;
- An ability to evaluate the impact of the HWB Strategy, Children and Young People's Alliance Delivery Plan and CSP Plan on safeguarding outcomes, and of safeguarding on wider determinants of health and community safety outcomes;
- A coordinated approach to communication, learning and improvement, performance management, change and commissioning;
- Cross Board scrutiny and challenge and "holding to account": the HWBB, CYPA and CSP for embedding safeguarding, and the Safeguarding Boards for overall performance and contribution to the improved outcomes set out in the HWB Strategy, Children and Young People's Alliance Delivery Plan and CSP Plan.

5. Practical arrangements to secure coordination

5.1 The following arrangements detail the effective co-ordination and coherence in the work of the five Boards.

5.2 Quarterly: each quarter, the chairs and statutory officers of the five Boards will meet to ensure the coordination of leadership, the coherence of respective plans and to consider the strategic risks facing children, young people, families, adults at risk and communities.

5.3. Between September and December: each year, the Independent Chairs of the two Safeguarding Boards will present to the Health & Wellbeing Board, the Children and Young People's Alliance and the Community Safety Partnership Board their annual reports outlining performance against business plan objectives in the previous financial year.

5.4 This will be supplemented by a position statement on the Boards' performance in the current financial year.

- 5.5 This will provide the opportunity for the Health and Wellbeing Board, the Children and Young People’s Alliance and the Community Safety Partnership Board to scrutinise the effectiveness of safeguarding arrangements across the borough, to draw across data to be included in the JSNA and CSP strategic analysis and to reflect on key issues that may need to be incorporated in the refresh of the Health and Wellbeing Strategy, Children and Young People’s Plan and the CSP Strategy and their associated commissioning plans. It will also provide the opportunity to learn from successes and identify further development opportunities.
- 5.6 Between October and February: the Health & Wellbeing Board, the Children and Young People’s Alliance and the Community Safety Partnership Board will present to the Safeguarding Boards the review of their respective strategies including the refreshed JSNA and CSP analysis and the proposed priorities and objectives for each.
- 5.7 This will enable the Safeguarding Boards to scrutinise and challenge performance, including early help, and to ensure that the refreshed Safeguarding Board business plans appropriately reflect relevant priorities set by the HWWB, the CYPA and the CSP.
- 5.8 Between April and May: the refreshed plans will be formally shared with each Board.
- 5.9 As required: in addition to the scheduled interface across all five Boards, it is expected that relevant learning arising from reviews (such as Domestic Homicide Reviews, Safeguarding Adult Reviews and Serious Case Reviews) is shared; and opportunities for coordinating consultations, communications and engagement are fully utilized.

6. Relationships between the safeguarding boards

- 6.1 There should be equally effective coordination and coherence between the two safeguarding boards. This will be achieved in part by the arrangements set out above. In addition, effective cross-working, scrutiny and challenge between the Safeguarding Boards and the subgroups will be achieved by:
- Sharing annual plans during the formulation stages to enable co-ordination and coherence where there are overlaps in business;
 - Ensuring that there is cross-Board representation to secure on-going communication;
 - Working jointly on safeguarding initiatives that impact on both children and adults.

7 Implementation and Review

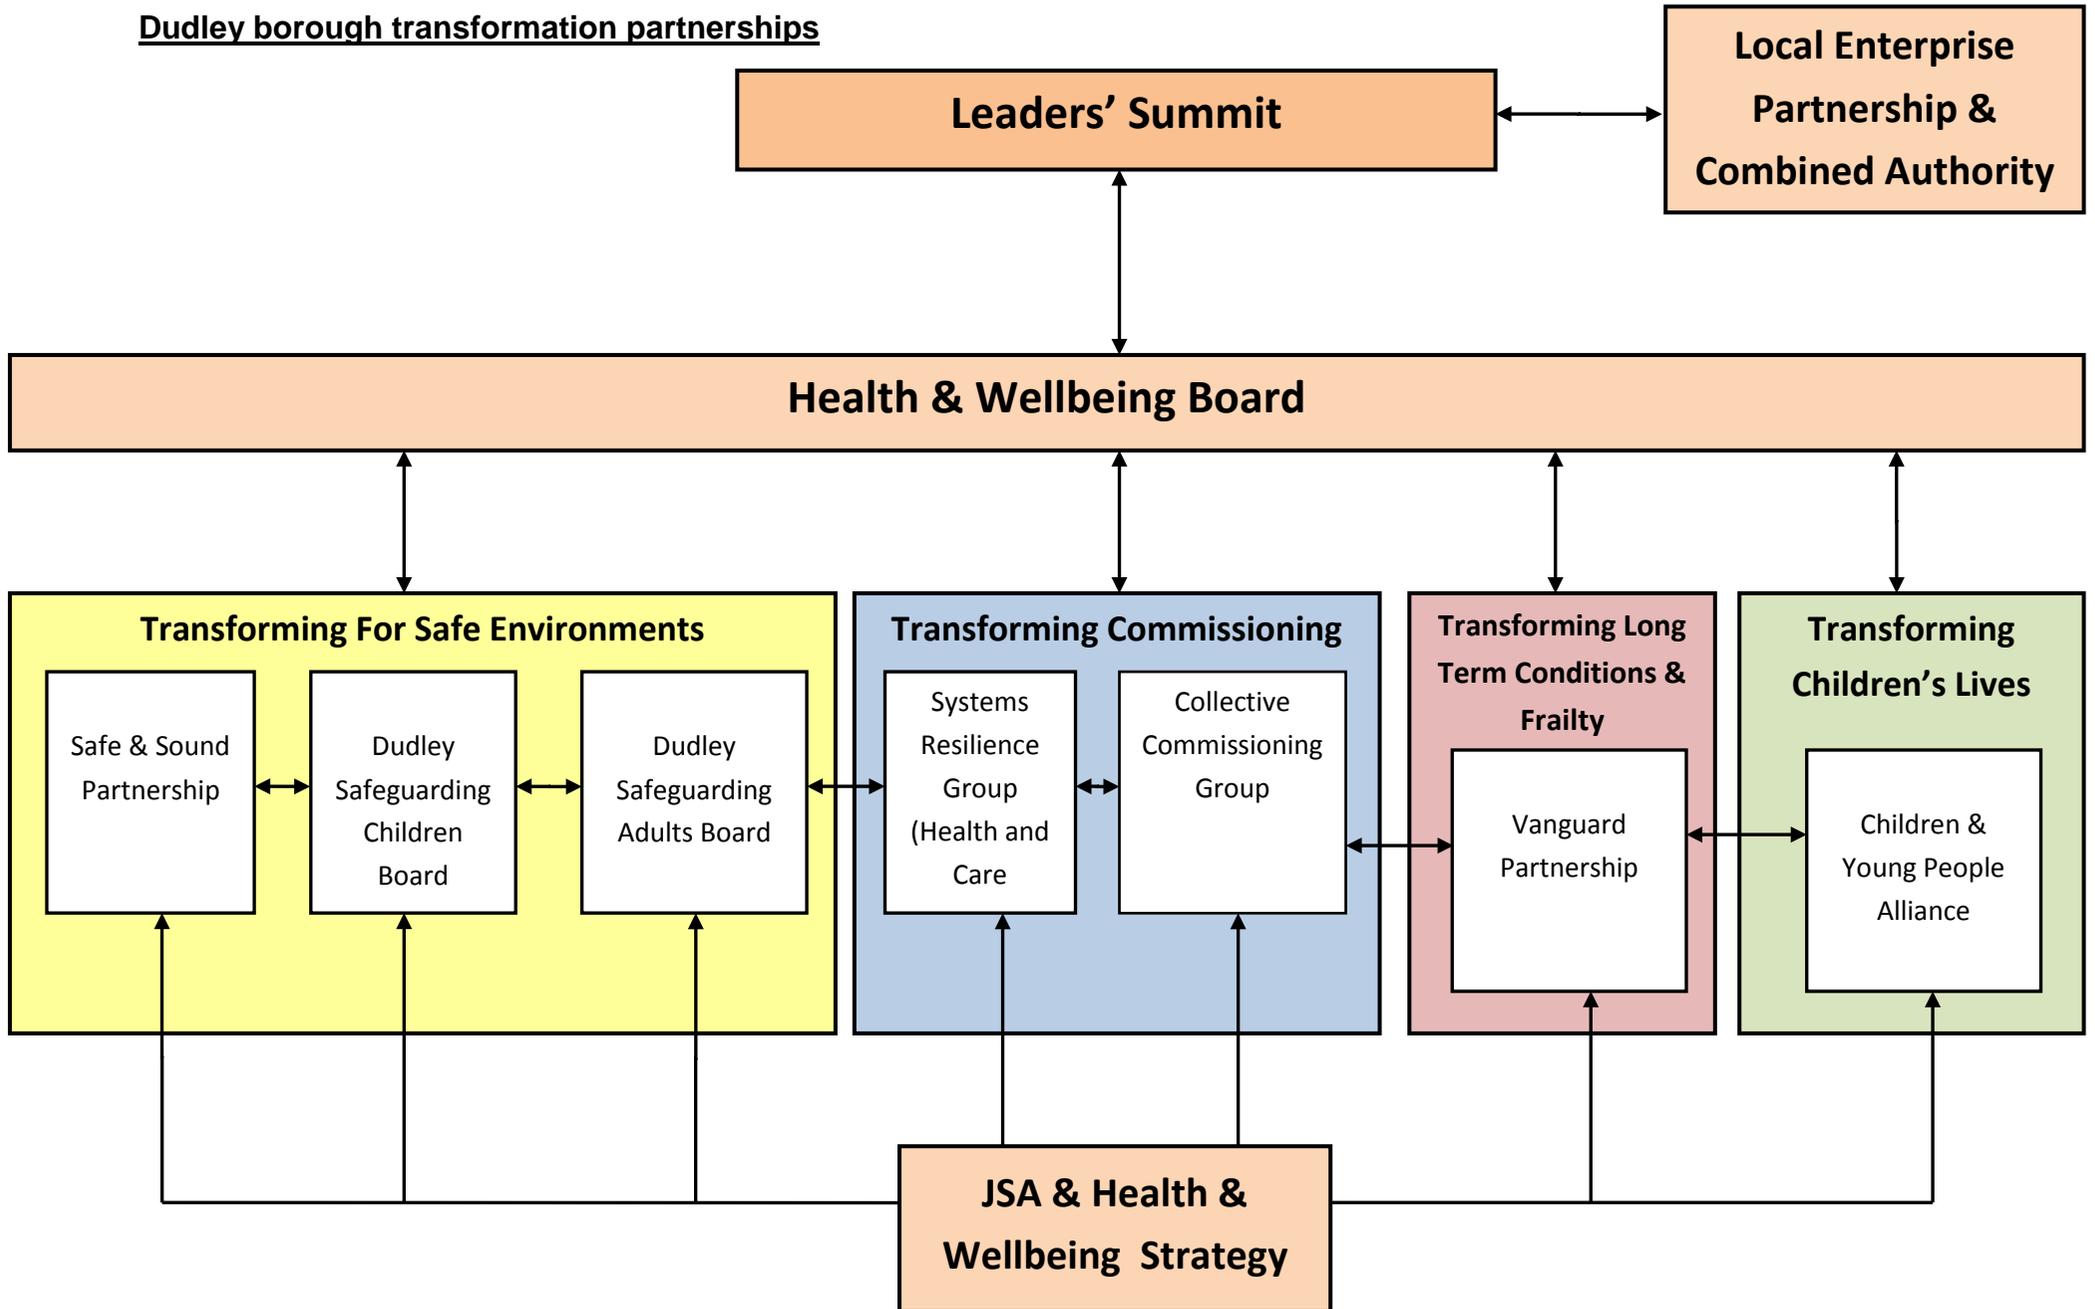

- 7.1 The DSCB and DSAB Chairperson will have a lead role in ensuring that the protocol is implemented in practice. They will be supported by the Director of People who sits on the CSP, CYPA and HWBB as well as the two Safeguarding Boards.
- 7.2 The protocol will be agreed at full Board meetings of:
HWBB on
CSP on
CYPA on
DSAB on
DSCB on

7.3 This protocol will be reviewed annually to ensure it remains up to date with changing policy and guidance.
