

OUR VISION MEANS:

1. PARENTING MATTERS

We want babies and young children to have secure attachments to capable, confident parents, to be warm, well fed and be supported in their development, ready to start school.

2. GROWING UP MATTERS

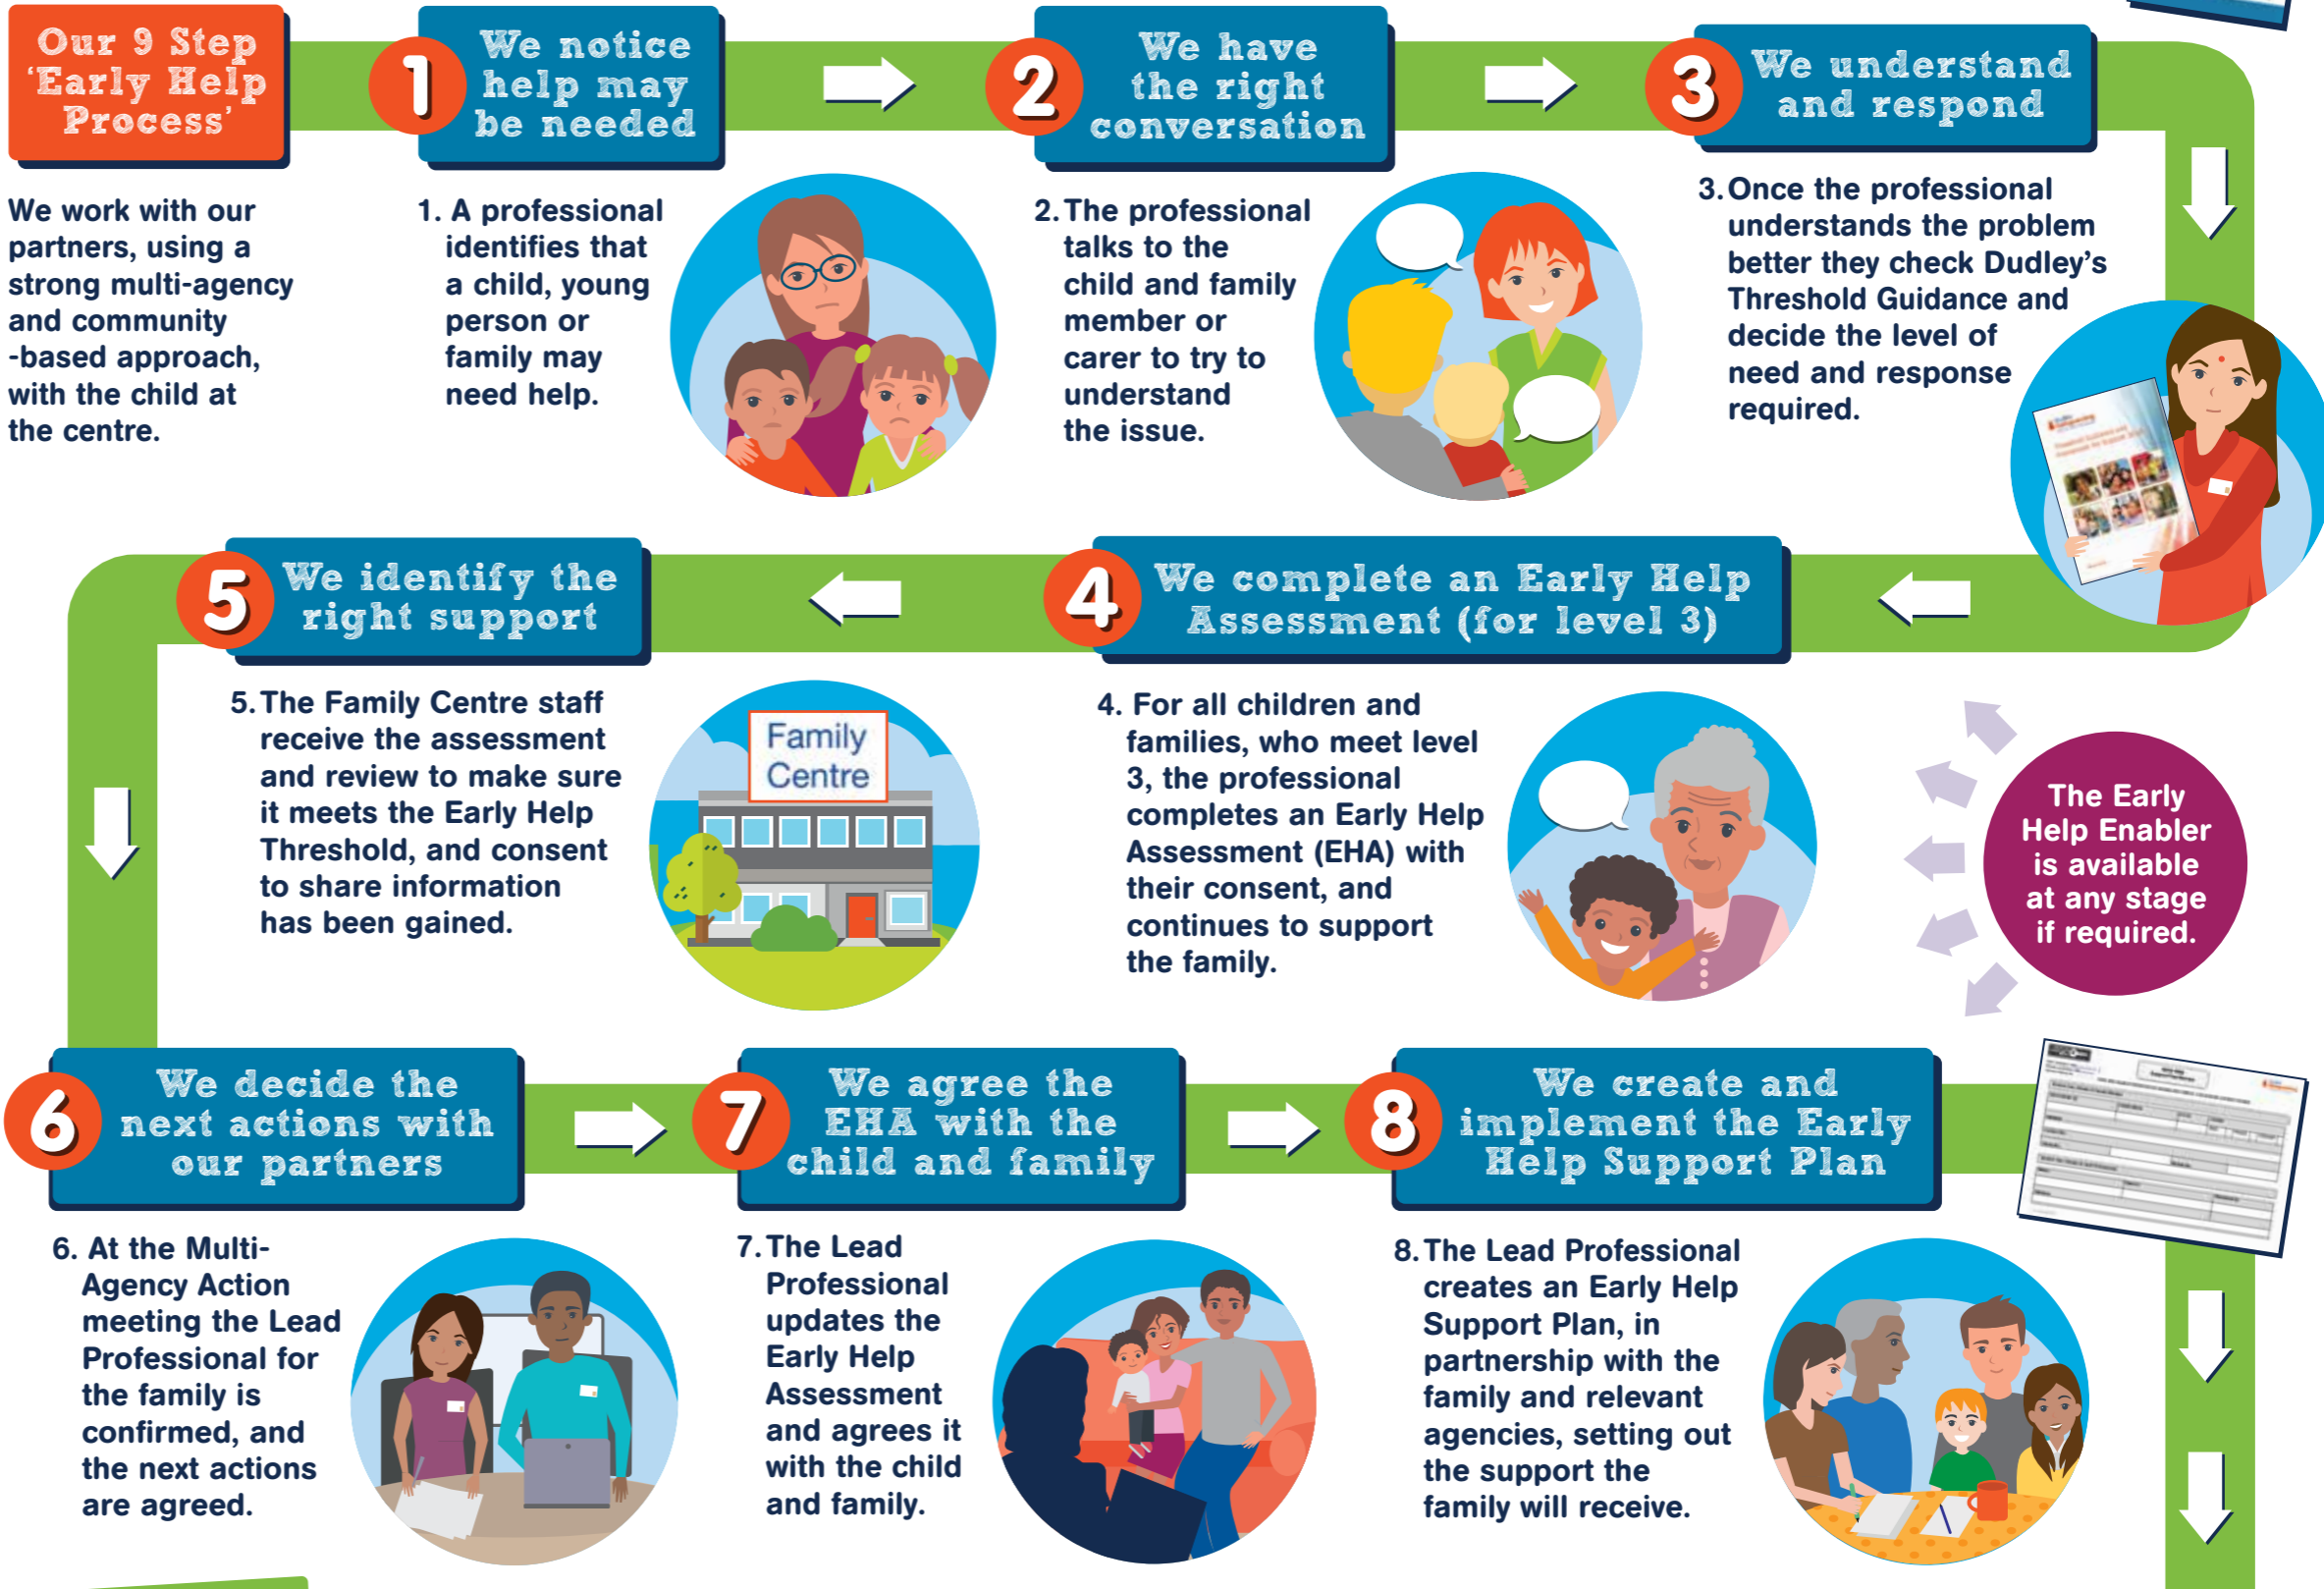

We want primary school children to develop friendships and enjoy learning and play, to reach their full potential, and be ready for secondary school. In secondary school we want engaged, emotionally resilient adolescents, achieving their ambitions and setting goals for the future, and understanding how to get there.

We want engaged young people aged 16+ who are in education, employment or training that matches their ambition and ability, who have respectful relationships and good friends, have skills for independence, and able to see the future positively.

3. HEALTH AND WELLBEING MATTERS

We want all our children and young people to be healthy and safe from all forms of harm including exploitation and bullying, to have secure warm attachments to people who care for them and look out for them, and are enabled to make good choices in their lives.
